

Session #7 is sponsored by Jordan Law.

Session #7 July 20, 2018 12:00 p.m. - 2:30 p.m.

Topic: Brain Injury Treatment Panel #2

Back by popular demand, come participate in a conversation with various experts (different from the April Panel!) discussing various treatments after a Traumatic Brain Injury (TBI) that you may or may not have thought about, heard about, or even remember! Join us to hear and think about various solutions that help TBI survivors become TBI thrivers. Panel members include:

Barb Minden, President, OT Plus (Home-based therapy and community integration—OT Plus gets survivors back to living their lives!)

Brian G. Reid, Ph.D., Chief Scientist at EBBU (Research on CBD oils/Cannabis and Brain Injury)

Cory Lasher, Program Coordinator for EXPAND program (Provides recreation and leisure programs for adults with TBI and other similar neurological issues)

Dr. Shane Steadman, DC, DACNB, DCBCN, Clinical Director and Senior Doctor, Integrated Health Systems (Dr. Steadman, a Chiropractic Neurologist, specializes in concussions and brain injuries and will also share advice on nutrition, stress management, vertigo, migraines, etc.)

Sean Brock, MA, LPC, BCN, Neuro Colorado (Shawn Brock, a Psychotherapist and Neurotherapist, provides Evaluation, Brain Mapping, and Neurofeedback. Neuro Colorado offers a range of scientifically proven, brain-based therapies such as neurotherapy, neurofeedback, and psychotherapy to address a variety of clinical and non-clinical issues.
