

# The 2021 Brain Injury Survivor Series via ZOOM

Please join the Brain Injury Hope Foundation (BIHF) for another year of exciting and interactive survivor series designed just for YOU! We explore ways to achieve a better life for people with BI and Post Traumatic Stress (PTS). These sessions will help you accomplish your definition of success. Spouses, family, friends, and professionals who serve the BI community are welcome AND other communities (ABI, Stroke, Parkinson's, MS, etc.) are welcome too.

Sessions will be on ZOOM until further notice!

## Survivor Panel: Strategies to Move from Surviving to Thriving

Many ask, after a brain injury, "What now? What's next? What can I do with my life? What kind of work and life is in the cards for me at this time? What are others doing with their lives after a BI? Join your peers who have created success and wish to share what they have created and how they did it, AND for inspiration and best practices for creating a life filled with well-being and positivity. Our panelists include Nathalie Kelly, JoAnne Jones, Jose Reyes and Tom Quinlin.

Registration is Grant/Donation-funded so there is no cost to participants.

## The 2021 BI Survivor Series

**Your Host/Panel Facilitator: Joanne Cohen, M.A., CBIS/Vice-President of the Brain Injury Hope Foundation and Managing Partner, CTAT, LLC**

Joanne was in a car accident in 1992 while vacationing in the Bahamas. Her life was forever changed. She was unable to walk and a year later she discovered many of her personal challenges were due to a traumatic brain injury (TBI). Joanne has overcome many obstacles and has exceeded her medical diagnosis, leading to a remarkable and inspirational story and recovery, then and again in 2014 and 2019.

Joanne published her first book in June, 2019, *Getting Hit, Getting Up, Moving Beyond: My Journey Through Brain Injury*, a compelling story of her challenges as she faced sequential “hits” and how she handled adversity with resilience time after time. She depicts the path to “moving beyond” and create a full life that includes tools to do so, many that can now be used as we are all “hit” with the Covid-19 crisis. Her book is available at Amazon.com or BarnesandNoble.com

### Memory and Cognitive Skill Development

Join Dr. Mary Ann Keatley, Ph.D., CCC and Co-Founder of the Brain Injury Hope Foundation for a webinar and Q&A facilitated by Joanne Cohen related to a topic that many brain injury survivors experience following an injury/injuries: Memory and Cognitive Skill Development. Dr. Keatley will provide valuable information on the latest research and treatment techniques and tools that you can use to improve memory, attention, speed of processing, language, etc. and expand your toolbox of strategies to deal with the aftermath of cognitive symptoms following TBI.

**April 23**

### Employment

Join Gayann Brandenburg, M.S. and President/Executive Director of the Brain Injury Hope Foundation for a webinar and Q&A related to a challenging topic in the COVID world—Employment! Gayann will share what has changed in the employment arena in the past year and how that impacts the ability to get and keep a job, and considerations for returning to work after a TBI. A wide variety of employment related resources will be shared.
